

BOOKING & PRICING GUIDE WEDDINGS

Janine Pretorius
Photography

WHO AM I?

I am extremely excited to capture your most precious memories!!!

Who is Janine Pretorius Photography?

With over a decade of experience working both sides of a camera (pageantry & modeling) rest assured you will be in capable hands.

My heart is in the story of family connection. I value family, nostalgia, movies, good conversation and love. Believer in the details - in what makes people who they are. I don't think there is anything more interesting than figuring out the tiny quirks of the people you love. I am here for all of that!

Give me the babies who play with their mama's hair for comfort, the wild ones who will never sit still (because I've got one of those too!). and the mamas and daddies in the thick of it. This is it, people.

Time isn't slowing down. I know that for sure. Let's hang onto these moments for as long as we can... and occasionally hang them on our walls. Some days I wish I could just stop time, and soak this all in for as long as possible.

TERMS & CONDITIONS

Traveling:

I travel for free up to 60 km to AND from Krugersdorp. If your venue is further than 30 km from my studio, I do charge R4.50 per km.

Delivery of Images:

(Sneak preview) - Within 7 days after your wedding.

A full digital gallery will take anything from 6 to 8 weeks depending on the time of the year. (September to March weddings do take a bit longer to edit and deliver but I still try my best to finish within the 8 week time frame but this is not always possible).

Your USB/Memory box will be sent together with albums if you have opted for a designer album. While you wait for your USB/Memory box or Albums, you will have access to a full online gallery. If you didn't order a designer album package, your USB will reach you between 8 & 9 weeks (or as soon as I am done editing all of your images) after your wedding.

TERMS & CONDITIONS

Delivery & Designing of Albums:

The designing process for your album can only start once I am done editing all of your images. Once your gallery is complete, you will be able to choose the images that you would like to add to the album.

I will create a mock album, this can take anything from 5 days to 2 weeks.

You will then have the opportunity to approve & or change the design, layout or images.

The entire design process from start to finish can take anything from 2 - 3 weeks.

Printing of the albums always takes about 2 to 3 weeks. After the album has been printed, it will be delivered to my studio where I will check that your album is correctly printed etc. I will then try to send you your album within a week.

Accommodation:

I should not need accommodation if your wedding is less than 50 km from Krugersdorp.

If I require accommodation I will add an extra R1500 to your wedding package. If you can arrange accommodation for me at the wedding venue on your account, you will not be charged the accommodation fee.

TERMS & CONDITIONS

Do you need to book a seat for me:

I do respectfully ask that you book a seat for me at one of your tables, or at a vendor table if you have booked my services for more than 7 hours. I will also grab something to eat while your guests are eating. I am sure that you don't want photos of yourself or your guests while they are busy eating.

Memory Box & USB

I offer a Memory box that includes a few printed photos with a USB. You can order your USB alone without the memory box should you want to. This optional extra is not compulsory to add to your wedding package as you will still receive all your photos on an online gallery.

Budget Constraints?

I understand that life is difficult sometimes, and that weddings are a special moment in a bride & groom's life.

I do offer discounts to Bride's & Grooms for special circumstances. Chat to me. I am always open to talking about your budget constraints and requirements.

TERMS & CONDITIONS

2nd Photographer:

I do have a trusted photographer who works with me at numerous weddings. The 2nd photographer will capture the smaller "things" at your wedding that is still special to you. For example, while I am capturing your getting ready photographs, my 2nd photographer will capture fun photos of your guests arriving and smaller friend group photos that we won't have time for later in the day.

For "big" weddings, I do encourage the wedding couple to book a 2nd photographer. It is not always possible for me to capture everything and everyone.

Night Photography:

I offer a very special extra optional for your wedding. Night Photography is exactly that. After all the speeches are done, I will grab you for a few minutes and we will head outside, where I will capture some more special photos. Night Photography includes flash photography. This can be done even if it rains. We will grab an umbrella and take stunning photos.

TERMS & CONDITIONS

Rescheduling:

Life is hectic and I understand that sometimes situations out of our control happen.

Should you need to reschedule your wedding, please talk to me as soon as possible.

You can send me your new date, I will see in my schedule if I am not booked for another function or wedding. If

I am not booked, we can reschedule. No problem. Unfortunately, if I am already booked on the new date that you are requesting and I can no longer be your photographer you will have to understand that if I can not book another client for your original date, that you will forfeit your booking fee.

Cancellation Policy:

Should something happen and you won't be able to continue with your wedding, refunds will work as follow:

Cancellation 60 - 30 days before the wedding: If I am not able to book another client for your date, you will forfeit your booking fee. If I am able to book another client, you will be refunded a portion of your booking fee minus an admin fee for the time spent planning for your wedding.

Cancellation 30 - 0 days of your wedding: It is nearly impossible to book another wedding at this time frame.

You will unfortunately forfeit your full booking fee.

You will however, be able to use your booking fee towards another session with me at my normal rates.

TERMS & CONDITIONS

What if the photographer can not carry out their duties on the day of the wedding?

In the case where I, as the photographer needs to cancel your booking due to a death in the family, or myself not being physically able to continue with your booking. You will receive your full booking fee back within 7 work days. Should I need to cancel, I will ensure that I give you ample of time to book another photographer. I have never cancelled a wedding booking before, but as I said. Life sometimes happen and we can not always control situations that are out of our control.

Should something happen to me on the day of the wedding, for example, I am in a car accident on the way to the wedding, I land up in hospital minutes or hours before your wedding. I will ensure that a replacement photographer will be sent to your wedding. The replacement photographer's work will be at the same level/standard as my own.

That photographer will then be paid by me and take over all aspects of the photography for your wedding, including Albums, editing etc.

If I am not able to send a replacement photographer in time for your wedding, you will receive your full booking fee back or my 2nd photographer will continue capturing your wedding on behalf of myself. My 2nd shooter is also a talented and capable photographer.

TERMS & CONDITIONS

Sole Photographer:

I do not allow "other people" {Uncle Bob or Aunt Sally} with cameras to shoot along side me. Please understand that most times when family members with their own cameras jump in front of me to get a photograph that I am supposed to be taking, I will not take any responsibility for the outcome of that photograph.
