## Traveling:

Unfortunately, I do not travel for Milestone Sessions. It is very difficult to travel with all the props to your house or to another venue.

## Ages:

Milestone sessions are only for the following ages:

Please note that I do not do newborn babies as part of my milestone/sitter sessions

1 month to 6 months

7 months to 11 months

Normal milestone sessions does not include any cakes, balloons etc.

## Outfits and Decor:

### Outfits:

Please bring your own outfits to the session. I can provide outfits for your session at an extra cost. You can send me a photo idea of what you have in mind and I will let you know if I can find an outfit similar to what you are looking for and what the cost will be for the outfit.

### Decor:

Please note that Milestone/Sitter sessions are not the same as a cake smash session. Sitter sessions does not have cakes, balloons and or themed decor included.

Most milestone/sitter sessions like in the example photos on my website will be with basic outfits, backdrops and props like baskets, headpieces and blankets.

You can also send me an example of what you would like and I will let you know it if is possible.

## Family Portraits:

I do have a nice big studio, but it is not always suitable for large groups.

Family portraits include the following:

Baby, 1 or 2 siblings, Mommy & Daddy.

If you want to bring a granny or aunt with to the session, please note that they will be asked to leave the studio once the family photos are done.

Often times, the kids focus on granny or aunt during the session and not on the session or me.

I want to be able to capture the best possible photos for you, but can't do so, when there are too many people inside the studio trying to get your child's attention.
